THE SCORECARD

Dani vs Alex

THE QUESTION	DANI SAID	ALEX SAID
The sensible one SPLIT	Alex is the backbone.	Hard to say — we're both sensible and 'out the gate' in our own ways.
Most likely to say "fuck it, let's do it" SPLIT	Alex — and usually for good reason.	Same as above... we both could be at risk of saying this on any given day.
More stubborn AGREED	Guilty.	Dani, by miles.
Usually gets their own way AGREED	Also guilty.	Dani.
Apologises first AGREED	Alex. He wants it fixed immediately.	Alex.
Takes longer to get ready AGREED	Me — but I'm ready on time. He's pissing about with god knows what.	Dani.
Bigger spender SPLIT	Both of us. Alex buys a house, I buy a holiday.	Alex — money is to be enjoyed and we can always make more.
Starts the party SPLIT	Me. Then Alex becomes the backbone and I become the liability.	Could be either, but Alex has the rubber arm who almost always says yes when asked.
Last one standing SPLIT	I'll be last dancing. Alex will be last singing.	Alex.
Better cook AGREED	I'm the personal chef, and I love it.	Dani, easily. Her skills are genuinely impressive.
Better driver AGREED	Alex — though his car essentially drives itself, so that's cheating.	The law says Alex, evidenced by the number of infringement notices Dani gets. Dani would say she is the better driver though... weird.

THE QUESTION	DANI SAID	ALEX SAID
Overpacks AGREED	Alex. I'd happily travel carry-on only.	Alex — always has more than he needs on the trip.
Stressed at airports AGREED	Put me in an asylum. I hate airports and love holidays.	Definitely Dani.
More dramatic when sick SPLIT	I've planned my own funeral roughly 500 times over a common cold.	Tough one. When I go down sick, I go down hard. Dani may tend to over-worry about a small thing though.
Most dangerous after "I've got an idea..." AGREED	Me. Proudly.	Dani, for sure. Always a business idea being pitched.

Highlighted rows are the ones they could not agree on. Appeals are heard at alexanddanisbiggig.app.
